

# Restoring Simplicity and Joy in Your Giving

## Want to restore simplicity and joy in your giving?

Then a "Giving Fund" may be just for you! A Giving Fund - also know as a "donor advised fund" - is like having your own foundation, but without all the administrative hassles and paperwork. More and more believers are now using Giving Funds for their giving to the Lord's work, and here are seven reasons why:

### 1. Simplicity

You can support one or many charities using your Fund, and manage everything online with a minimum of paperwork and administrative hassles. Giving Funds can be opened at no charge with your local Christian foundation.

### 2. Efficiency

You receive an immediate tax-deduction for gifts to your Fund, and yet take months or even years to decide which charities to support.

### 3. Creativity

You can give all kinds of assets to your Fund – from stock to real estate to business interests.

### 4. Privacy

You can recommend grants from your Fund with complete anonymity (if you desire).

### 5. Legacy

You can ensure that your giving continues after your death through instructions you leave about how your Giving Fund contributions should be distributed.

### 6. Opportunity

You can invest in the tax-free growth of your Fund (depending on the size of your balance), allowing you to give more to the charities you care about.

### 7. Reliability

You can rest assured your grants only go to charitable organizations in good standing with the IRS and to those whose mission is not antithetical to the Christian cause.

*We strongly urge that you consult with your attorney, financial advisor, insurance agent and/or tax advisor to review and approve this complimentary educational information. This information in no way constitutes legal advice. It is not intended to analyze your particular situation but is broadly educational in nature. We gladly will work with your independent advisors to assist in any way.*

I would like more information about Giving Funds.

I am interested in help creating or updating my Will and/or Estate Plan.
